

Leader for inclusive chatbots and multilingual contact center automation for businesses.

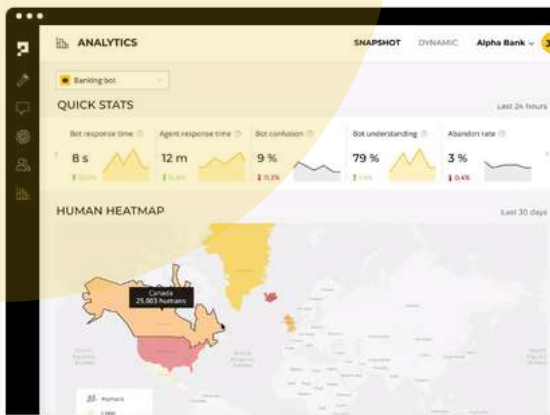

Supporting 5+ billion customers across the emerging world

HermesAI™ is Proto's natural language processing engine for chatbot deployments across low-resourced languages and underserved communities.

The contact platform for global businesses

- Native language chatbots
- Human + AI collaboration
- Deploy across unlimited channels
- APIs & proactive engagement
- Software with clear advantages
- Start with scalable pricing

Problem - Lost ROI

Manual multilingual contact centres waste significant resources.

Save with Proto:

4,875	\$13,875
Contacts deflected / month	Contact center savings / month
542,438	207%
Minutes of reduced customer wait time / month	ROI in first year of Proto AICX

*Average values

Chats/Month	2500	Cost/chat	1
Wait/Chat (mins)	0.5	Calls/Month	1000
Cost/Call	1	Wait/Call (mins)	2
Emails/Month	3000	Cost/Email	5
Wait/Email (mins)	240	Customers/Month	10000
